# *Illinois University Council*

## **Agenda:**

**10:00 AM:** ***Introductions:*** Dennis P. McDonald, President McDonald Associates, Inc., will cover the details of the University Council and introduce the different universities that are attending.

### **MORNING KEYNOTE**

**10:45 AM:** ***Energy Policy and the Obama Administration: Trends and Opportunities:*** Craig Sieben, President of Sieben Energy Associates, will provide a current view and analysis of how the most ambitious energy agenda in decades is changing the game for energy efficiency and green buildings.

**11:45 AM:** ***Lunch Break:***

### **AFTERNOON KEYNOTE**

**12:00 PM:** ***Energy Efficiency and Retrofits:*** Donald Fournier, Chair & Senior Researcher, School of Architecture's Building Research Council U of I, Program Manager SEDAC and over 35 years of experience in the energy and environmental areas. Don will discuss SEDAC projects and opportunities.

**1:00 PM:** ***How to implement lighting controls on campus:*** Mr. Hammond Meuer, Lutron Electronics, will go over examples of different lighting solutions and BMS integration that can help achieve a more sustainable design while utilizing many programs offerings.

**2:00 PM:** ***Roundtable Discussion about Best Practices:*** We all will talk about our individual experiences on campus and share the good and bad. We welcome you to share your experiences with energy issues and lighting controls with the group. Feedback and open communication between the colleges and universities is vital for all of us to continue to advance the sustainability cause.
